

# Bachelor of Science in Health Sciences

***Now, more than ever, we need healthcare experts with the knowledge and skills to meet the needs of diverse communities. When you earn your BS in Health Sciences at UB, you develop the foundation necessary to pursue an in-demand career in human health — positioning you to enter the field as a sought-after professional.***

## Personalize your degree track

At UB, our BS in Health Sciences program keeps your unique professional goals in mind. As you work toward your degree, you will benefit from the freedom and flexibility to choose from six concentration tracks, including:

- Community Health Education
- Exercise and Fitness
- Nutrition
- Pre-Occupational Therapy
- Pre-Physician Assistant
- Pre-Professional

## Jumpstart your career journey

We know you're excited to start making a difference. That's why our Health Sciences program offers two options for earning your dual degree. Through our dual degree tracks, you can achieve your bachelor's and master's degree in as few as five years — accelerating your pathway from classroom to career.

## BS-MPH

When you choose a concentration in Community Health Education, you can start earning your master's in Public Health (MPH) before you even graduate! Qualifying students can begin taking graduate-level Public Health classes during their senior year. After completing your remaining Health Sciences requirements, you will spend a fifth year achieving your MPH.

## BS-MS in Human Nutrition

Through our Nutrition concentration track, eligible students can pursue their dual degree in Human Nutrition — beginning graduate-level classes during their senior year before returning for a fifth year to complete their MS studies.

## Bachelor of Science in Health Sciences
